

way but I am really up against such
hard luck so I hope and pray that you
will kindly answer my letter and that
you will please treat it - Confidential
I trust you will understand my predicament
and my prayers are that you will
forgive me for writing to you
No date has yet been set for my trial
but I know I shall win that because I am
not guilty of any crime
So I do hope you will be kind enough to
help me.

I remain Madame Yours Respectfully
